Application for Hyper Island fall 2015

Enjoy!

Hopefully I'll see you this fall!

## Comments:

First up is my personal website, containing almost only HTML and CSS, apart from that its only a small plugin for the SVG animation at the end. I'm extremely passionate about developing websites, I have a way of overcoming problems with creative solutions and there is no feeling i love more than when solving a longtime issue with a neat design solution.

### Comments:

In this project I was the project leader, we all received the highest grade for the task. We had the liberty and the trust from the client to design the website as we liked, but had to keep in mind that most of the visitors would be people without that much internet experience. The end result became a simple site with a link to the general golf booking system and plenty of stunning pictures that speak for themselves.

**To Whom it may concern,**

Dear Madam, dear Sir,

I herewith certify that Sofia has worked in our company from time to time and when needed since september 2013. The job has been of two kinds,

1. Worker changing airfilters we produce in our customer's apartments. Here Sofia has proved herself to be reliable and responsible taking on responsibilities and shown good initiative.
2. When we needed help making our new website we contacted Sofia and she immediately grasped the opportunity and sartted to help us knowing she was going abroad. We have not yet finished the work, but we will do it on distance. So far Sofia has showed good skill and artistic talent which has helped us much.

## Brf & Fastighetsägare

Sedan tjugo år hjälper vi fastighetsägare av olika slag, dock mest bostadsrättsföreningar med att byta filter i sina bostadsfastigheter. I bostäderna använder vi oss av egen personal som kontinuerligt utbildas i frågor kring ventilation, luftkvalitet och energi. I fläktrum kan vi bistå fastighetsskötaren med filter och filterbyten och/eller ett abonnemang på filterbyten. Våra filterbytare är uppskattade av våra kunder för glada bemötanden och försynta uppträdande i kundernas hem. De vita overallerna gör att kunderna känner igen oss.

### Comments:

This site I developed by myself with a close relationship with the client. From the start the client said he wanted a web shop and since I have never developed one before I was a bit anxious. After a lot of work and continuing developing the site after my move to London I finished the site and the client was very satisfied.

Filterbytet planläggs med fastighetsägaren i informationen tillsammans med fastighetsägaren erhåller beställaren ett noggrant skriftligt pr
